Memo

TO: MCCA Families

From: Kate Barnes, President, MCCA Board of Directors

Date: January 10, 2012

I am pleased and excited to share the MCCA Board has hired Michelle Martineau Green as MCCA's new Executive Director. She is a strong and successful leader who combines a deep of knowledge of early childhood issues with a strong business background.

Michelle has most recently been the Chief Operating Officer with Zero to Three, a national organization dedicated to advancing the health and development of infants and toddlers. Zero to Three advances its mission by informing, training and supporting professionals, policy makers and parents on the importance of early experiences. While there, she became well informed about the needs of children and their families. Michelle is excited to broaden her experience to include school age children.

Michelle brings an outstanding business background that will help MCCA be sustainable in the face of economic and competitive pressures. She also brings a wealth of experience in business development including branding and marketing so MCCA can strengthen its presence in Montgomery County.

The Board is confident about MCCA's future, even more so with Michelle as our Executive Director. She shares our organizational goals of keeping MCCA's high quality child care services while creating a sounder MCCA to support that level of child care.

Michelle is dedicated to becoming acquainted with and understanding MCCA parents. She will begin February 1, 2012 and will prioritize visiting Centers and getting to know MCCA families.
